

## HOW DO YOU PRIORITIZE YOUR PSETS?

Start the PSets earlier for the classes that you find more difficult or time consuming.

For example:

- If a PSet is due Monday/Tuesday, start the assignment the Thursday/Friday before and complete it over the weekend.
- If a PSet is due Thursday/Friday, start the assignment the weekend before and complete it over the course of the week.
- If the PSet comes out on Friday, work on it in chunks (e.g. ~1-3 hours a day) until the assignment completed.

Avoid starting a PSet the night prior to the due date by always allowing time for unexpected obstacles and going to office hours for help if needed.

| Sunday | Monday                        | Tuesday | Wednesday | Thursday                      | Friday                           | Saturday |
|--------|-------------------------------|---------|-----------|-------------------------------|----------------------------------|----------|
|        | <b>18.02<br/>PSet<br/>DUE</b> |         |           | <b>5.111<br/>PSet<br/>DUE</b> | <b>6.100A/B<br/>PSet<br/>DUE</b> |          |
